

CSON IM 2 Professional Skills Tracking Form

Student: _____

Instructional Module 2 Start Date: May 2020

This form should help you track procedures you perform and prepare for your weekly exams and Competency Performance Exams, both mock and actual. Procedures in the clinical area will be performed under the supervision of faculty or nurses. Do NOT perform procedures in the clinical area without supervision of a nurse or your instructor.

Neurological					
Cardiac					
Peripheral Neurovascular					
Respiratory					
Abdominal					
Pain (includes teaching)					
Skin (4 in under 4)					
CVAD Site Assessment					
Sepsis (MEWS)					
Peripheral Blood Glucose Monitoring					
Tele Leads					
Oxygenation	Lab	Lab	Clinical	Clinical	Clinical
Nasal Cannula					
Non-rebreather Mask					
Venti Mask					
Wall O ₂ Flow Regulators					
Humidification					
Teach Incentive Spirometry					
Teach Frequent Repositioning					
Teach Deep Breathing and Coughing					
Phlebotomy	Lab	Lab	Clinical	Clinical	Clinical
Peripheral Blood Draw					
CVAD Blood Draw					
Intravenous Access	Lab	Lab	Clinical	Clinical	Clinical
IV Start					
IV Discontinue					
Subclavian Line Removal					
PICC Removal					
Enteral Access	Lab	Lab	Clinical	Clinical	Clinical
Nasogastric Insertion					
Nasogastric Management					
NGT Removal					
G-Tube Management					
Intermittent Feeding (G-Tube)					
Pump Controlled Feeding (G-Tube)

Instructional Module 2 Start Date: May 2020

Urinary Elimination	Lab	Lab	Clinical	Clinical	Clinical
Indwelling Urinary Cath: Female					
Indwelling Urinary Cath: Male					
Straight Cath: Male or Female					
Indwelling Urinary Cath Care					
Remove Indwelling Urinary Cath					
Empty Catheter Drainage Unit					
Sterile Urine Specimen					
24 hour Urine Specimen					
Bowel Elimination	Lab	Lab	Clinical	Clinical	Clinical
Ostomy Care					
Fleet Enema					
Cleansing Enema					
Stool specimen collection					
Medication Administration	Lab	Lab	Clinical	Clinical	Clinical
PO					
Nasogastric					
G-Tube					
J-Tube					
Cream/Ointment					
Suppository					
Intramuscular (IM)					
Subcutaneous Anticoagulant					
Subcutaneous Insulin					
Subcutaneous - Other:					
IV Infusion Continuous via Pump					
IV Push - Peripheral					
IV Push - CVAD					
IVPB - Secondary via Pump					
IVPB - Gravity via Primary Tubing					
Aseptic Procedures	Lab	Lab	Clinical	Clinical	Clinical
Sterile Gloving					
Sterile Dressing Change					
Suture Removal					
Staple Removal					
CVAD Dressing Change					
Procedure Exposure	Lab	Lab	Clinical	Clinical	Clinical
Doppler					
Sequential Compression Device					
T.E.D.s (Anti-Embolism Stockings)					
Wrist Restraints					
Bladder Scanner					
O ₂ Tank/Regulator/Storage
