

COVID-19 Alternative Clinical Activities

If you are unable to go to the clinical unit due to COVID-19 you are to complete an alternative activity for each day you are not at the hospital. See the chart to know which activity is due for the day missed.

ASSIGNMENT

- Complete the appropriate assigned HESI activities. The activities are assigned in HESI and should be found on the HESI case study calendar. **An average score of 80 is required for all Case Study Quizzes.**
- Participate in each day's post clinical conference with your clinical group. Use the case study activity as your "patients" for the day.
- Complete a clinical reflection covering the alternative clinical activity or the impact COVID 19 has had on you. Submit a reflection to your clinical instructor by the required time.

Alternative Clinical Activities are REQUIRED. Failure to complete all assigned activities in a timely manner can negatively impact your clinical evaluation and result in an Incomplete in the course or course Failure.

ASSIGNMENT	
1st clinical day absent	HESI: RN Case Study & Quiz Med-Surg <ul style="list-style-type: none"> • Colonoscopy with Bowel Perforation • Guillain Barre Syndrome
