

Covenant School of Nursing  
Disciplinary Action Summary Assignment  
Instructional Module 2

Student Name: Isaiah Herrera

Date: 10/25/20

DAS Assignment # \_\_\_\_4\_\_\_\_

Name of the defendant: Melissa Gail Harrison

License number of the defendant: 753461

Date action was taken against the license: 11/12/2014

Type of action taken against the license: Revoked

*It seems as if the defendant didn't think it was worth resolving her issues with he TBON. She had two charges of theft and a drug charge that she failed to acknowledge with the board. None of these particular charges actually involved a work place instance. So, it seems a bit strange that she would just seemingly allow time to run out for her response.*

*Aside from not taking part in the three three events, the defendant was given the opportunity to vouch for herself in response to the TBON inquiry. After no response, the board was only left with the option to revoke her license.*

*Because this is more of a problem between the TBON and an individual, there isn't much room for peer interactions or interventions.*
