2020 Start Unprofessional Practice

| Critical Thinking | Documentation | Human Caring/Relationships | Professional Role Performance |
|---|---|---|--|
| Unprofessional sharing of frustration with work | Did not put the sticker documenting date change of dressing | Inconsiderate in telling the patient, too bad you can't go outside. | Turned back to sterile field |
| | Did not document dressing change took place prior to leaving the room | | Put a stool collection container of the patients bedside table |
