Work Related Injury Occupational Exposure

- Report immediately to EHS.
- Inform your instructor/faculty staff member of the incident.
- Recommend to have personal health coverage insurance.
- If incident occurs outside normal business hours notify the On-call nurse Immediately.
- This individual will work with you on what to do next.

Exposures Management

- Wash the site immediately with soap and water
- Report immediately to CHS and or the On-call Nurse
- Identify and document source patient
- Lab work, Counseling, and monitoring
- Results are kept confidential
- Follow up
- Utilize safe devices effectively

Respiratory Mask FIT

- A respiratory mask and FIT test are required (by OSHA) for Covenant employees/students who provide direct patient care, whose position brings them in direct patient contact, and/or who are at risk for exposure to various infections.
- **Note: Employees/students who have facial hair that interfere with the respiratory mask will not be FIT tested until the facial hair is removed. (Reformed OSHA #1910.132 and 1910.134)**

Drug Free Environment

- Reporting to school/work while under the influence of alcohol, controlled substance/illegal drugs, and/or possessing, consuming, or using alcoholic beverages, controlled substances and/or illegal drugs, as well as the unlawful use of inhalants while on Covenant premises is strictly prohibited.

Reasonable Cause

- Abnormal/erratic behavior
- Information from reliable source
- Direct observation
- Breath, slurred speech, glassy eyes, poor coordination
- Access to drugs: errors, missing narcotics

Refusal to Consent

- Applicant/Student: disqualified from further consideration for school or employment
- Reasonable Cause: termination from school or work

Reasonable Cause

- Student should be offered a ride home
- Suspended pending results
- Positive for illegal/controlled drugs: without a prescription- termination from school

Student Health Records

- Students Health records will be maintained in Employee Health Services
- Upon graduation, students should obtain their records from Employee Health.
