(Be thorough when answering and give insight)

“28 Days with Sandra Bullock”

1. As Gwen arrives late to her sister’s wedding, her sister states, “You make it impossible to love you.” Which of Gwen’s behaviors at the wedding reception would support this statement by her sister?
When Gwen got drunk, messed up the wedding cake , took the limo, then crashed into the house.
2. Describe the admission process when Gwen arrives at the drug treatment center. She has her stuff searched, some items deemed not safe taken away, the rules are gone over and she is shown to her room and introduced to her roommate.
3. What did Gwen say was her gateway drug? Alcohol, her mother was an alcoholic
4. When Gwen attempted to buy cigarettes at the treatment center store, she was told they did not sell cigarettes there. What was Gwen’s response?
She overreacted, got anxious, started biting on her nails and bought a lot of candy.
5. What happens when Jasper comes for his first visit with Gwen at the treatment center?
Gwen jumps in his arms and Jasper gives her some pills that she hides in her pocket
6. How did Gwen injure her leg?
Trying to climb out the window to get the pills she threw out.
7. What was the therapeutic tool Gwen’s counselor gave her?
A sign around her neck saying “confront me if I don’t ask for help”
8. At the family meeting when Gwen’s sister attended, what was she most upset with Gwen about that happened at the wedding?
That gwen arrived late to the wedding and the toast she gave.
9. What advice did Gwen’s counselor give the group about dating after treatment?
When they are released buy a plant then a year from that get a dog a year after if both are still alive then consider dating.
10. As Gwen’s roommate at the treatment center is getting ready to leave, what did the patients do for her as a farewell gift/gesture?
Gwen organized a scene from “Santa Cruz” with advice at the end for Andrea.
11. What happened to Andrea as she was nearing the end of her treatment?
She overdosed in the bathroom by shooting up drugs

12. As Gwen was leaving the treatment center after being discharged, what was the advice given to her by the nurse? 90 meetings in 90 days and to ask for help. Its always there.

13. After Gwen was released, what happened to her and Jasper's relationship? She goes to dinner with Jasper and they are approached by old friends who invite them to join them. Gwen see's the drinking and does not want to join so she leaves Jasper follows her out, Gwen comes across a horse and is finally able to pick up its foot and come to peace and decides to leave Jasper after she realizes jasper will not change.
