1. What did you like best about your preceptor?

She is non-judgmental and allows me to learn independently while verifying that I am doing everything appropriately. She has restored confidence in me that I had once lost, and allowed me to be myself!

2. Do you have any suggestions for your preceptor to consider when working with future students?

I would suggest explaining the simple things that she is doing because she moves so fast sometimes and you can easily get lost if you are not familiar with the processes.
