Covenant School of Nursing
Instructional Module 1 Learning Guide
Topic: Quality

Learning Goals/Outcomes

Upon completion of this lesson, you will be able to:
- Comprehend the impact that nurses have on quality patient care.
- Correlate the mission of selected regulatory agencies to quality patient care.
- Describe the **common theme** of the National Patient Safety Goals (NPSGs).
- Identify safety risks in patient populations.
- Define preventable errors in patient care.

Pre-Class Preparation

Required:
- Read: Potter & Perry, et al. (2021) *Fundamentals of Nursing*, 10th ed., Elsevier.
   Note the page numbers and topics:
   25-27: Topics – Nursing Shortage, Competency, Patient-Centered Care, Magnet Recognition Program, Nursing-Sensitive Outcomes
   64-65: Topic – The relationship between ebp, research, and quality improvement
   317-318: Topic – Risk Management and Performance/Quality Improvement;
   390-393: Topic – Risks in the Health Care Agencies
- View Quality Improvement and NPSG PPTs
