**PRE-Simulation Center Assignment Instructions**  
(to be completed **PRIOR** to your arrival to the sim center)

**Assignment #1:**

In HESI, click on SIMULATION LEARNING SYSTEM

Click on SIMULATION ACTIVITIES

Click on PEDIATRIC.

Click on SCENARIO 9 – AARON J. (INFANT) and SCENARIO 10 – ISABELLA B. (TODDLER)

- Complete the following for EACH scenario:
  - Skills Drills Recommendations and Multimedia Resources (as you deem needed for your own review)
  - Pre-simulation Exercises
  - Pre-simulation Quiz

**Assignment #2:**

In HESI, click on SIMULATIONS and access the scenarios as listed above

Utilize the patient data to **COMPLETE** the Pediatric Critical Thinking Worksheet and Medication Worksheet (both forms are in the folder “Pediatric Simulation Clinical” folder on the LMS) for each scenario. **Bring your printed copies of these documents to the sim center.** (Failure to bring your printed work to the sim center will result in you being sent home with an unexcused absence.)

**Assignment #3:**

Watch the “Pedi Sim Orientation Video” (located in the folder “Pediatric Simulation Clinical” folder on the LMS).

**POST Simulation Center Assignment Instructions**  
(to be completed **AFTER** you leave the sim center)

**Assignment #4:**

Complete the Reflection Assignment (located in the folder “Pediatric Simulation Clinical” folder on the LMS) and upload it to the LMS IM5Feb21 course “Pedi Sim Center (TUESDAY) Reflection” Dropbox by **WEDNESDAY AT 1100.**

**What to Bring With You to the Sim Center:**

- Your completed copies of the Critical Thinking Worksheets and Medication Worksheets for both patient scenarios
- Your laptop and a stethoscope
- A snack and a drink (with a lid) if desired
