15 minutes	Students will review the NII for administering an intramuscular injection into the deltoid muscle
25 minutes	Students will review the drug information on Invega Sustenna ®
20 minutes	Students will prepare the Consent for Psychoactive Medication in preparation for administering Invega Sustenna ®
	Students will review video on Invega Sustenna ® : https://www.youtube.com/watch?

	v=ZACsrbnk9Xs
60 minutes	Students will simulate steps required in preparing and administering an initial dose of Invega Sustenna [®] including obtaining the Consent for Psychoactive Medication, patient teaching, and administration of the medication
15 minutes	Debriefing
Time Allotted	Out of Classroom / Online Activity
30 minutes	Student will complete medication sheet and submit to Dropbox in the LMS
60 minutes	Student will complete Critical Thinking Worksheet and submit to Dropbox in the LMS
30 minutes	Student will complete Guided Reflection Questions and submit to Dropbox in the LMS
30 minutes	Students will complete Invega Quiz and submit to Dropbox in the LMS
30 minutes	Students will prepare script for obtaining the Consent for Psychoactive Medication and place in the Dropbox in the LMS

Each highlighted area will be calculated as double for simulation but written as real time for scheduling purposes.

Total time in class: 3 hours & 15 minutes

Total time for online / Out of class: 3 hours

The total clinical time for this activity is 8 hours

Evaluation Methods

- Observation in clinical unit
- Exams
- HESI Mental Health Assessment
- Review of Critical Thinking Worksheet/Medication Sheet
- Performance in CPE

Texas DEC's	QSEN Competencies
<ul style="list-style-type: none"> • Member of profession • Provider of patient-centered care • Patient safety advocate • Knowledge • Clinical judgement and behaviors 	<ul style="list-style-type: none"> • Patient Centered Care • Teamwork & Collaboration • Evidence Based Practice • Safety • Informatics
IM Student Learning Outcomes	NCLEX Test Plan
1-8	<ul style="list-style-type: none"> • Safe & Effective Care Environment • Health Promotion & Maintenance • Psychosocial Integrity • Physiological Integrity
Concepts	
<ul style="list-style-type: none"> • Psychosis
