

Clinical Reflection – Week 2

Reflect on your experiences during your second week of clinicals.

- Describe an interaction with a patient while you were conducting a head-to-toe assessment.
- How did you feel?
- How did the patient respond to you?
- Did anything surprise you?
- What do you feel went well?
- What do you feel could have gone better?
- What is your overall reaction to week 2 of clinicals?

Reflections should be a minimum of 250 words and address each bulletin point in the rubric. Feel free to add anything else that you want to share.

Email your clinical reflection to your advisor **no later than 11:59 pm March 22, 2021**. Late submissions will not be accepted and will count as an absence.
