### Why I Want To Be A Nurse

I want to be a nurse because I love people. I believe God has given each of us a particular set of gifts and skills. My skills include compassion, patience, and a strong stomach. I think nursing is the best career to suit my interests, personality, and gifts. I am excited to begin this program and I am prepared to be another instrument of the Lord. I am most looking forward to the personal knowledge that I will be able to make a difference in the world on the most personal level.
