

Simulation Student Assignments | IM4_AY20/21

Overview

Each student has been grouped by clinical week. Each clinical week's group will be divided into 2 groups (Group AM & Group PM) to accommodate COVID19 restrictions of no more than 5 students in Covenant's Simulation Center.

Student Paperwork

BEFORE TUESDAY: You will prepare the medication sheet and the first page (Boxes 1-6) of the Critical Thinking Worksheet (CTW) IN ADVANCE and bring to simulation on TUESDAY for **BOTH** simulations to be performed that day. This is your 'Ticket to class.'

TUESDAY EVENING: You will complete your CTW page 2 (boxes 7-13) and complete any additional medications used in the scenario **ONLY** for the scenario where you played the role of the nurse. This is your 'Ticket to Class for Wednesday.'

WEDNESDAY: Review CTW from Tuesday as needed. Begin new scenarios that you will work on together at the simulation center. You will work together on the new scenarios. Bring paper and pencil with you.

THURSDAY: Clinical Reflection due to *Dr. Nesbitt's drop box* by 0830. You may write about anything that occurred over the two days in simulation.
