Instructional Module 2

Student Name: Giselle Cantu      Date: 05/05/21      DAS Assignment # \_\_\_\_1\_\_\_\_ (1-4)

Name of the defendant: Amanda Lynn Parker      License number of the defendant: RN 698351

Date action was taken against the license: May 14, 2013

Type of action taken against the license: Revoked

*Use the space below to describe the events which led to action taken against the license. If multiple charges were in play, be sure and cite them, e.g. drug diversion, HIPAA violation, abandonment, forfeiture on student loans, etc.*

Misappropriation of Decadron (steroid). Defendant also admitted to supervisor of misappropriation. Defendant did not appear to court and did not give a formal document regarding her charges.

*Use the space below to provide a description of measures you think could have prevented any action being taken against the license and/or would have prevented harm to the patient, if harm occurred.*

Defendant should have done her 3 checks to make sure the right medication was being pulled out and being given to the right patient and for the right reason.

*Use the space below to describe what action you think a prudent nurse would take as the first to person to discover the event described, in other words, you are the one who discovers the patient has been harmed by the nurse or you have discovered the impairment or criminal activity cited in the disciplinary action.*

If I was the nurse and I discovered the patient was injured from a medication error that their nurse made I would let the charge nurse know of my findings and have the charge nurse confirm my findings and then let the know nurse manager know.
