DAS Assignment # 2 (1-4)

Name of the defendant: Erik Lynn Boots

License number of the defendant: 817737

Date action was taken against the license: 11/8/2016

Type of action taken against the license: Revoked

Use the space below to describe the events which led to action taken against the license. If multiple charges were in play, be sure and cite them, e.g. drug diversion, HIPAA violation, abandonment, forfeiture on student loans, etc.

- On or about May 18, 2016, while employed as a Registered Nurse with Bayshore Medical Center, Pasadena, Texas, Respondent engaged in unprofessional conduct in that he placed a pen with a video camera in a room where a co-worker was going to be using a breast pump. Respondent's conduct was likely to cause emotional injury to medical staff and could have interfered or disrupted the patients' treatment.

Use the space below to provide a description of measures you think could have prevented any action being taken against the license and/or would have prevented harm to the patient, if harm occurred.

- I'm going to be honest; I was shocked and disgusted when I scrolled down and saw the reason for the license being revoked. First off, this couldn't have only been detrimental to his female coworkers' emotional state if any kind of video had gotten out, but also to her job as well. This man was thinking with everything else besides brain and being so selfish, putting his coworker and patients at risk.

Use the space below to describe what action you think a prudent nurse would take as the first to person to discover the event described, in other words, you are the one who discovers the patient has been harmed by the nurse or you have discovered the impairment or criminal activity cited in the disciplinary action.

- If I was to have found this "video camera pen", and saw the action of him placing the pen in a breast pump room, I would've immediately told my charge nurse and called security to have him taken from the premises. This action was a disgusting selfish act and completely unacceptable and illegal in any circumstance. Again, I was completely caught off guard with this disciplinary action and can't believe that someone would ever do that in that kind of setting.
