

Covenant School of Nursing
Instructional Module 7 Learning Guide
Topic: vSIM for Nursing

Learning Goals/Outcomes

Upon completion of this lesson, you will be able to:

- Provide safe and effective patient centered nursing care through virtual simulation.
- Develop clinical decision-making skills, competence, and confidence when providing patient care.
- Identify areas of strengths and/or areas of improvement after the simulation by viewing the personalized feedback log.

Pre-Class Preparation

Required:

- Complete the following vSIMS:
 - Kenneth Bronson
 - Stan Checketts
- Students must complete the required reading, pre-assessment, simulation, post-assessment, documentation, and reflections activities for each simulation assigned.

Additional Resources:

- View the instructions and video located within LMS.

Learning Activities

Classroom Activities:

Laboratory/Clinical Activities:

- Identify areas of needed improvement.

Out of Class Activities:

Evaluation Methods

- Unit Exam
- Classroom and clinical participation and discussion
