

Charity Lara

I want to be a nurse because I love to see someone who has been sick get better. Although with Covid 19 2020 has been a difficult year to be nurse. To see patients get worse no matter the amount or care you would give them was difficult. It made me grow as a nurse and accept the fact that sometimes no matter what you do the patient will decline. I learned to accept that things are not always in my control and I had done all I could do.
