

IM2 Unprofessional Skills Exam

Student Name: Chelsie Callesen Video Title: V 2 Date: 9/13/2021

| Universal Competency | Critical Elements |
|---------------------------------|--|
| Safety (physical and emotional) | Action by nurse-didn't clean hands before beginning to pull meds, didn't put on gloves before beginning to pull meds. Didn't double check meds with the eMAR to ensure they were right-7 rights to med admin. Didn't ask patient allergies before beginning with meds. Didn't clean the hub on the tubing before attaching secondary tubing. Gave patient's flu shot in the incorrect place on patient's arm. |
| Critical Thinking | Action by nurse-didn't take the time to think about where vaccine should be placed, so instead of inserting into the deltoid, nurse administered in the back of the arm. Nurse left patient's room on two separate occasions while leaving medication unattended. Nurse didn't perform proper assessments before administering medications to the patient. Didn't check needle integrity and simply guessed on which needle to use. |
| Standard Precaution | Action by nurse-Didn't clean med tray before placing a paper towel in it and meds. Didn't label the medications. Left the medications unattended in the patient's room. Spiked bag with bare hands. Let too much of the antibiotic drain into the trash can when priming tubing. Didn't wait to see if the IVPB dripped before stepping away. Didn't clean hub before flushing lumen, didn't check push rate before pushing Lasix and just slammed it, let |
| Communication | Action by nurse-Nurse answered phone call in patient's room and proceeded to tell patient about her problems from the phone call. |
| Documentation | Action by nurse-didn't perform any assessments on patient before administering medications and didn't document any assessments/vitals before administering medications. |
| Human Caring and Relationship | Action by nurse-didn't ask patient how she was feeling, didn't engage in communication with patient-quickly came in and talked about herself. |
| Professional Role Performance | Action by nurse- walked into med room snapping fingers, not acting in a professional manner. Answered a phone call in the patient's room. Used unprofessional words like "cool" when discussing patient care. |
