2. What do you think are the student's personal strengths?

Nikole is a quiet, shy type of student. She doesn't take charge unless she is very familiar w/ the situation. At the end of the 5 days exposure, she was able to ~~manifest confidence in taking~~ care of the smallest patients.

3. What have you identified as an opportunity for improvement for the student?

I know Nikole is a good student but she needs to get out of her shell and speak up especially during rounds.
