

IM 2 Student Professional Skills Video Grading Rubric

Student Name: Madison Brown

Date: 11/5/2021

Universal Competency	Critical Elements	M	U
Safety (physical and emotional)	Introduce self	X	
	Identify patient	X	
	AIDET	X	
	Allergy	X	
	4 P's	X	
	Medication Administration	X	
	Medication, dosage, route, reason	X	
Critical Thinking	Assessment: Focused	X	
	Perform according to professional nursing intervention instruction		
	Procedure	X	
	Assess, Plan, Implement, Evaluate (APIE)	X	
	Correct equipment	X	
Standard Precaution	Asepsis	X	
	Hand hygiene	X	
	Don gloves if indicated	X	
	Clean equipment (stethoscope, pulse oximeter, etc.)	X	
	Procedures	X	
	Medication preparation/delivery	X	
Communication	Teach patient	X	
	Medication	X	
	Procedure	X	
Documentation	Scan patient	X	
	Scan medication	X	
	Assessment findings	X	
	Procedure	X	
	Save documentation	X	
Human Caring and Relationship	Respect, active engagement, authenticity, empathy	X	
Professional Role Performance	Appearance, preparation, behaviors, resource management	X	
<p>Instructor comments: The nurse should have changed gloves and performed hand hygiene between giving medications through the G tube and giving insulin. The nurse should have also cleaned the pulse ox and recapped the G tube after giving meds. Nurse did correct herself in the video with text.</p>
