

## IM 2 Simulated Patient Clinical Video Grading Rubric

Student Name: Joel Castillo Video: 1 Date: 12/11/21

There are three (3) ways to receive credit for the video:

1. Perform the scenario with all critical elements in each area of the grading tool
2. Verbalize a breach or mistake in real time and provide the nursing intervention to correct the breach or mistake then proceed with the video
3. When reviewing the video, honestly evaluate the nurse. Recognize all (if any) breaches or mistakes, record them as "unmet" and provide a nursing intervention to correct the breach or mistake

<p>Comments: As I stated in the video I had forgotten to verify allergies before administrating her insulin,, Video was cut off at the end but I stated that I would have done hand hygiene as I was leaving the patients room. I should have done hand hygiene in-between removal and applying of dressing. I marked unmet since I didn't. I also forgot to scan the medication I also did forgot to assess the patients oxyer saturation so I marked unmet. I also forgot to document not only the assessment but the CVAD dressing change. I would have documented those at the very end but I did document medication</p>
