

IM 2 Simulated Patient Clinical Video Grading Rubric

Student Name: Kirsten Garcia Video: 1 Date: 12/11/2021

There are three (3) ways to receive credit for the video:

1. Perform the scenario with all critical elements in each area of the grading tool
2. Verbalize a breach or mistake in real time and provide the nursing intervention to correct the breach or mistake then proceed with the video
3. When reviewing the video, honestly evaluate the nurse. Recognize all (if any) breaches or mistakes, record them as “unmet” and provide a nursing intervention to correct the breach or mistake

Universal Competency	Critical Elements	M	U
Safety (physical and emotional)	Introduce self	X	
	Identify patient (2 patient identifiers)	X	
	AIDET	X	
	Allergies	X	
	4 P's	X	
	Fall Bundle	X	
	Medication Administration: Medication, dosage, route, reason, assessment of route site(s), medication delivery equipment (IV pump, etc.)	X	
Critical Thinking	Assessment: See NII for critical elements pertaining to selected assessment(s)	X	
	Procedure Assess, Plan, Implement, Evaluate (APIE) (Selection of appropriate equipment, time management, organization, etc.)	X	
Standard Precaution	Asepsis:		
	Hand hygiene	X	
	Don and change gloves (as indicated)	X	
	Clean equipment (stethoscope, pulse ox, bedside table, med tray, etc.)	X	
	Sterile procedure		X
	Medication preparation	X	
	Medication delivery		X
Documentation	Teach Patient:		
	Medication	X	
	Procedure	X	
	Scan patient	X	
	Scan medication	X	
	Save med documentation	X	
	Document assessment findings	X	
	Document procedure	X	
	Save all documentation	X	
Human Caring and Relationship	Respect, active engagement, authenticity, empathy, etc.	X	
Professional Role Performance	Appearance, preparation, behaviors, resource management, etc.	X	

Comments: After doffing gloves after preparing meds, I would have done hand hygiene again. Second nurse did not co-sign after verifying medication, I should have made sure she did. Insulin squirted back out; I would have waited a little longer to ensure that would not happen. Did not note my concern with her 93% O2 Sat. I noted in the video about contaminating the sterile gloves and replacing them. I noticed while watching the video over, my one-inch borders were overlapping. I would have moved the CVAD kit more to the side to avoid them from overlapping.
