

Schedule for Code CPE Practice At the Simulation Center

This lab is designed to help prepare you for the graded CPE scheduled week 7. Please review the code algorithm, code roles, code documentation form, and code role grading sheets located in LMS-Week 1: CPE / Orientation / QI Lecture folder. You may want to review your ECG rhythms: Vtach, VFib, SR, ST, Asystole. You are expected to be as familiar as possible with the code information. In the CPE practice you will conduct a code as a TEAM.

Come dressed as you would for clinical. Wear a mask and if needed your shield, also. Bring a pen or pencil. Bring a copy of the code algorithm. Listed below are the code videos you reviewed in 1300.
