

LVN-RN: Discussion Board Rubric

DISCUSSION POSTS INSTRUCTIONS

You will be required to participate in online discussions set up by the instructor. The specific instructions and discussion topics will be outlined when the forum has been opened on LMS. You will need to post an **initial response** to the question(s) by the due date specified in the weekly course schedule. You need to include at least 2 credible references in your post. You will read peer discussion posts and **reply to at least 2 students**. The responses must reflect thought related to the content, not just an opinion. Always be courteous and respectful with your responses. **Please complete your posts in your word processing program and then copy and post them into the discussion forum to avoid being timed out and losing your work.** Ensure posts contain substantial and concise information.
