### Clinical Preceptorship Attendance Policy

#### LVN-RN Track CSON

You must complete **192 hours** with your preceptors. The goal is to transition from the student nurse to the RN role by working **12-hour shifts**.

- The time prior to the shift starting and the time after does NOT count extra. **0645-1915 is simply a 12-hour shift**. If circumstances arise where you are staying later than 30 minutes, please let your faculty advisor know.
- Schedules must be submitted to your assigned **faculty advisor** via LMS drop box, LMS email, or text to your faculty advisor. Notify faculty advisor by text message or phone call of ANY changes to schedule, illness or getting pulled to a different unit. Promptness is expected so faculty is aware of your presence on the unit. **Failure to notify faculty will result in a clinical absence.**
- **Do not** pre-fill your Record of Precepted Clinical Experiences. You need to document your actual time after each shift and have your preceptor sign it.
- Submit a copy of your Record of Precepted Clinical Experiences with both your midterm and final evaluation.
