Hello. My name is Tyquinisha Mitchell and I want to be a nurse one day. The reason I want to be a nurse is because I want to make a difference in people's lives by serving them and helping them through their weaknesses, pain, surgeries, and so much more. I want to be a nurse to make a difference in my life as well by becoming someone successful, having a higher education and a career, which will one day provide a good life for me and my son. I want to be a nurse because I do not see a more rewarding career and profession than nursing. I feel that nursing is my ultimate purpose in life and I look forward to one day become that good nurse that I know I am destined to be.
