

Why I want to become a nurse.....

I have wanted to be a nurse for a long while, I enjoy the hospital work environment and have had the passion to want to become a nurse. I want to be able to help patients get better and make a difference in their lives. I feel it is important to feel excited to go to work daily, and I think that being a nurse will give me that satisfaction. I am excited to go through this nursing program and cant wait to get started!
