

Pediatric Case 3: Eva Madison

Documentation Assignments

1. Document your initial focused assessment of Eva Madison.
2. Identify and document key nursing diagnoses for Eva Madison.
3. Referring to your feedback log, document the nursing care you provided and Eva Madison's response.
4. Document the patient teaching that you would provide for Eva Madison and her parents before discharge, including teaching related to contact isolation precautions and diet progression.

Bert Anaya vSim
