

Pediatric Case 1: Jackson Weber (Core)

Guided Reflection Questions

Opening Questions

How did the simulated experience of Jackson Weber's case make you feel?

Describe the actions you felt went well in this scenario.

Scenario Analysis Questions*

EBP/S What priority problem did you identify for Jackson Weber?

EBP What complications might Jackson Weber face if safety precautions are not taken during the seizure activity and if treatment is not implemented after the seizure?

PCC What should the nurse teach Jackson Weber's mother regarding the ongoing care of his condition?

PCC/S What seizure precautions should be taken by the nurse in anticipation of and at the onset of Jackson Weber's seizure? How might such precautions vary from hospital to hospital?

PCC/S Describe strategies to empower Jackson Weber and his mother in the management of his seizures.

T&C List potential team members in Jackson Weber's care. (Explain your answer.)

T&C/I What key elements would you include in the handoff report for this patient? Consider the situation-background-assessment-recommendation (SBAR) format.

Concluding Questions

Reflecting on Jackson Weber's case, were there any actions you would do differently? If so, what were these actions, and why would you do them differently?

Describe how you would apply the knowledge and skills you obtained in Jackson Weber's case to an actual patient care situation.

* The Scenario Analysis Questions are correlated to the Quality and Safety Education for Nurses (QSEN) competencies: Patient-Centered Care (PCC), Teamwork and Collaboration (T&C), Evidence-Based Practice (EBP), Quality Improvement (QI), Safety (S), and Informatics (I).
