

Hospital Clinical Instructions CSON IM7 2023

Check in with your clinical instructor at the designated place listed below. If you need to call in sick for clinical (or classroom) contact Dr Spradling via text. She will notify the appropriate instructor.

Clinical Shift: See clinical schedule for exact dates.

- Weeks 3 through 6, Tuesdays and Wednesdays 0630-1430
- Week 7, see clinical schedule 0730-1430

Clinical Units and Faculty:

AED Meet in the lobby of the Adult ED

SICU (E4) Meet in the East 4 waiting room

MICU (E5) Meet in the MICU waiting room

CICU (E6) Meet in the CICU waiting room

Clinicals vs VSIM:

- Please check your clinical schedule for assigned unit or VSIM. Complete VSIM at home for the assigned patients that week followed by the Post Clinical Custom Quiz at home.

Dialysis Clinicals:

- Week 7, see clinical schedule for location and address. Please arrive at 0730 and observe until 1430. Please bring a lunch. Dress code and expectations are the same as inpatient units.

Dress Code and PPE:

- Adhere to CSON dress code and clinical policies. All clinicals days you will wear scrubs.
- COVID Vaccinations (4/30/2021)
 - Fully Vaccinated: Those who are 2 weeks after their final dose of the vaccine.
 - Copy of your vaccine card must be presented to Ms. Hamilton in the front office in order to receive your vaccine badge. This badge must be worn at all times with your student badge.
- Masks & Face Shield
 - **Level 2 face mask** (blue medical mask) **MUST BE WORN AT ALL TIMES** in the hospital.
 - Pick up a new blue mask from the unit each clinical day.
 - Wear a new mask each day you are on the unit.
 - **N95 mask** (or equivalent) in a patient room if the patient is receiving aerosol generating procedures such as high flow nasal cannula O2, CPAP or BIPAP by facemask, and so on. *Refer to the attached guidelines.*
 - N95 masks are one-time use only.
 - Get new N95 masks from the unit you are on if you need one.
 - **Face shields -**
 - All Faculty & Students must wear the face shield over the N95 face mask when the assigned patient(s) are receiving an aerosol generating procedure (AGP) such as NEB treatments, intubation/extubation, etc (see page 3)
 - As of 4/30/21, **unvaccinated individuals or those who are not fully vaccinated** must wear the face shield over the Level 2 mask or N95 mask equivalent when you are within 6 feet of any patient in clinical and at the sim center.

- Clean the face shield with hydrogen peroxide or alcohol – NO BLEACH; at the beginning & end of your shift.
- Face shields should have foam at the top.
- See Mrs. Milam for new face shields.
- *You are responsible for keeping up with your personal mask and face shield.*
- Bring as few personal items as possible into the hospital.
- *You are responsible for checking your assigned clinical location.*

Clinical Expectations:

- Bring a copy of “CSON Student Procedure Progression” to all rotations (found in LMS – Clinical)
- Your instructor will ask you questions related to your assigned patient such as the following:
 - Admitting diagnosis versus current problem. Medications. Why? Abnormal lab values.
 - Is your patient on mechanical ventilation? Why? What mode and settings? Nutrition?
 - What lines and tubes does the patient have? Safety? I/O’s from the last 3 days and or trends.
- Start your day with a positive thought, you are going to learn something great today!

CPE:

- You will conduct a group CPE during week 7.
- Print & bring the CPE form located in the LMS – Clinical folder.
 - Review the CPE example in LMS – Clinical folder and review your NII’s as needed.
- Please familiarize yourself with the material prior to the CPE.

Epic Documentation:

- Documentation of medication administration and invasive procedures will be done with your nurse.
- Please log into epic monthly to maintain your access. Call the helpdesk for problems with log in.
- Please note your bedside nurse to cosign your documentation, not your clinical instructor.

Paperwork:

- You will chart on the paper assessment sheet provided in LMS-Clinical folder for one primary patient per day.
 - Print and bring with you to each clinical day.
 - A patient report sheet is available in LMS - Clinical if you would like to use it for report.
 - You may use the report sheet for post clinical, but the form must only include age and diagnosis and no other identifying information such as DOB, name, room number or unit. Be mindful of HIPAA.
 - Fill out the paperwork to hand in to your clinical faculty at the end of each day.

Post Clinical Meeting and Daily Quiz:

- Conducted on the clinical units at the end of the day.
- Client Needs Quiz - daily on Tuesday and Wednesday.
 - **DUE by 1700 on the Thursday after clinical.**

Surveys for clinical experience:

- Please complete the clinical unit survey daily.
- The QR code is on the back of your Module badge.

You must wear your N95 equivalent mask or step out of the room for the following procedures:

Invasive tracheal/oral/esophageal and/or nasal procedures

- Tracheal intubation or extubation

- Bronchoscopy

- Open* suction catheter via tracheostomy, endotracheal tube, nasotracheal intubation

- Placing or exchanging tracheostomy tubes

- Any oral naso-endoscopic procedure (includes oral or nasogastric tube insertions)

- Transesophageal echocardiography (TEE)

- ENT surgeries

Respiratory Treatments that create aerosolization

- Opening a ventilator circuit

- Nebulized treatments (during and for 1 hour after)

- Heated high flow nasal cannula oxygen therapy

- Continuous aerosol treatment CPAP/BIPAP (noninvasive mechanical ventilation)

- RT intervention for secretion therapy

- CPR

Other

- Autopsy

- Colonoscopy

DOES NOT INCLUDE

- Normal oral or nasal suctioning

- Vaginal delivery

- Toilet flushing

- Nasopharyngeal/oropharyngeal swab collection or nasal wash
