

**Covenant School of Nursing
Instructional Module 6 Learning Guide
Topic: Psychiatric Emergencies**

Learning Goals/Outcomes

- Upon completion of this lesson, you will be able to:
- Identify types of losses people may experience.
 - Describe the five dimensions of grieving: cognitive, emotional, spiritual, behavioral and physiological.
 - Compare/contrast how disenfranchised grieving and complicated grieving differ from the expected stages of grieving.
 - Identify the role of culture in grieving.
 - Apply the nursing process to persons experiencing grief.
 - Describe the three phases of aggression/violence and the behaviors displayed with each phase.
 - Discuss appropriate nursing interventions for the patient during each of the three phases of aggression/violence.
 - Discuss the characteristics, risk factors, and family dynamics of abusive and violent behavior.
 - Identify three principles of crisis intervention.
 - Apply the nursing process to persons experiencing a crisis, abuse and/or violence.
