

I choose to be a nurse because I feel like God my father has choose me to serve and help my brothers and sisters with the illnesses that could be healed with the right treatment. I knew I wanted to be a nurse when my grandmother got diagnosed with cancer, I was helping her with everything because she was getting so weak in all her daily activities. Once the sickness took over and she gained her angel wings that's when I decided I wanted to join the medical field and be a nurse. I want to help those who can't help themselves, I want to be a helping hand and a great nurse.
