BEFORE THE TEXAS BOARD OF NURSING

\*\*\*\*\*

In the Matter of § AGREED  
Registered Nurse License Number 250158 §  
issued to GUS JULIUS BELITZER, JR. § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of GUS JULIUS BELITZER, JR., Registered Nurse License Number 250158, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may be subject to discipline pursuant to Section 301.452(b)(10)&(13) and 301.453, Texas Occupations Code. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order approved by Katherine A. Thomas, MN, RN, FAAN, Executive Director, on December 11, 2013, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license(s).
2. Respondent waived informal proceedings, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received a Baccalaureate Degree in Nursing from The University of Texas at San Antonio, San Antonio, Texas on December 1, 1979. Respondent was licensed to practice professional nursing in the State of Texas on April 4, 1980.
5. Respondent's nursing employment history includes:

|                 |    |  |
|-----------------|----|--|
| 1/1980 - 5/1980 | RN | Southeast Baptist Hospital<br>San Antonio, Texas |
|-----------------|----|--|

Respondent's nursing employment history continued:

|                  |    |   |
|------------------|----|---|
| 5/1980 - 6/2011  | RN | St. Luke's Baptist Hospital<br>San Antonio, Texas         |
| 7/2011 - Present | RN | Texas Center for Special<br>Surgery<br>San Antonio, Texas |

6. At the time of the initial incident, Respondent was employed as a RN with St. Luke's Baptist Hospital, San Antonio, Texas, and had been in this position for twenty nine (29) years and eleven (11) months.
7. On or about February 26, 2010 while employed as a RN with St. Luke's Baptist Hospital, San Antonio, Texas, Respondent failed to adequately assess and appropriately intervene in the care of Patient Medical Record 3487723 who had a history of Muscular Dystrophy, Congestive Heart Failure (CHF), and was admitted to the hospital for abdominal pain and CHF. The patient underwent a diagnostic esophagogastroduodenoscopy (EGD) and was transferred into the care of Respondent in the Post Anesthesia Care Unit (PACU). After the patient's initial blood pressure reading was low, Respondent placed the patient into a position with the head of the bed down (Trendelenberg). When the patient's oxygen saturation decreased, the Respondent failed to inform the physician and administered five hundred (500) milliliters of intravenous fluids. Subsequently, the patient experienced respiratory and cardiac arrest for which he was coded and placed on a mechanical ventilator. Consequently, the patient was unable to be weaned from the ventilator and expired approximately two and one half (2 1/2) months later. Respondent's conduct was likely to injure the patient from clinical care decisions formulated based upon incomplete assessment information and may have hastened the patient's demise.
8. In response to the incidents in Finding of Fact Number Seven (7) Respondent states he was concerned about the patient's hypotension and a call was placed to the physician for which orders were received to administer a fluid bolus. The hypotension was not relieved and the patient coded but was successfully resuscitated.

CONCLUSIONS OF LAW

2. Notice was served in accordance with law.
