

1301 Daily Clinical Report

Student Name:

Remember to keep your skills sheet current and seek out learning opportunities.

Rotation	<p>How many patients were under your supervised care? What did you learn? What medication(s) did you administer that help the patient improve? What do nurses need to monitor? How do you know the medication(s) are helping the patient?</p> <p>Briefly describe what was going on with your patients. Do not include age, sex, or <u>patient initials (HIPPA violation)</u>. You may use “infant, children, adult, geriatric, etc..</p>
Block/Week: _____ Dates: _____ Unit: _____ Assigned Preceptor: _____ Other Preceptor: _____	
Block/Week: _____ Dates: _____ Unit: _____ Assigned Preceptor: _____ Other Preceptor: _____	

Please fill this out during your rotation and email it to your advisor at the end of your four shifts. You should have one for each day of the clinical rotation. If you had a **different preceptor** other than your assigned one, include their name (first, Last), have them **also** sign your **“Record of Precepted Clinical Experiences”** sheet, **and** complete an evaluation of your performance.
