

Why nursing? I choose nursing because I love being able to help others. The medical field has always been of interest to me and seeing people get the care they need and being provided that care is something I know that I will take pride in doing. I love being able to work with children so I would love to be able to be in Pediatric care. I have 3 kids myself, a 15 year old, 10 year old, and 2 year old and I love being able to care for them through sickness and health.
