Parking/Clinical Information

Module 1 Covenant Medical Center Parking/Clinical Information

Covenant Medical Center is the site for all clinical floors with the exception of Simulation with Dr. Stunkard. Dr. Stunkard will meet her simulation groups at the CSON Simulation Lab at the times indicated on the clinical schedule. The official address for Covenant Medical Center is 3615 19th Street. However, the main entrance is located off of 21st Street as indicated by the blue arrow in the in photo and map above. Students are directed to park in Employee Parking on street level. Convenient parking lots are located on the north and south corners of Louisville and 22nd streets and the Joliet Ave and 21st streets. Do Not Park in parking lots for physician offices or in lots labeled Patient/Visitor Parking.

Plan to be at Covenant Medical Center in the main lobby by 0630 on the first day of clinical. You will need your stethoscope, pen, vital signs sheets and clinical debrief tool. You may want to bring your blood pressure cuff. You will meet with your clinical advisor in the main lobby. (The lobby is located behind the welcome desk. There are several chairs, couches, and a piano.)

We will work on our assigned units until just before noon. We will eat lunch together in the cafeteria. You may bring your lunch or purchase food. After lunch we will meet with our individual groups and do clinical debriefing. You will be released from clinical at approximately 1430. Each clinical day you are required to submit a clinical reflection via email on LMS by 2359.
