

Covenant School of Nursing
Instructional Module: 1
Topic: Introduction to Pharmacology for Nursing:
[Rights and Responsibilities of Medication Administration]

Learning Goals/Outcomes

Upon completion of this lesson, you will be able to:

- Recognize the role of the healthcare team, nurse (7 rights) and patient in medication administration
- Distinguish between the different types of medication orders and their purpose
- Identify factors that commonly cause medication errors and preventive measures developed for safe administration
- Recognize the impact and consequences of Diversion
- Identify pertinent components on the electronic medication administration record (eMAR)
- Apply principles of safe medication administration and documentation

Pre-Class Preparation

Required:

- Assigned reading from the following textbooks:
Potter and Perry Medication Administration, exclude Parenteral Medications (injections and IV's)
- Review PPT
- ***View video of medication dispensing system prior to lab***
- **There are online HESI assignments that accompany this lesson, and they are listed on the HESI Recommended Due Date document located on the LMS. It is recommended that you complete the HESI assignments prior to class. An average score of 80% on each HESI assignment is required. Failure to complete the assignments by the due date listed on the document will result in failure to progress to the next module.**

Additional Resources:

- <http://www.deadiversion.usdoj.gov/>
- <http://www.ismp.org/default.asp> - refer to Medication Safety Tools & Resources
- Covenant Health Policy and Procedure Manual – controlled substances
- <http://youtu.be/GEDMYsm3NXs> (u-Tube video: Dennis Quaid's twins medical error)

Learning Activities

Classroom Activities:

- Discuss PowerPoint
- Review questions & discussion

Laboratory/Clinical Activities:

- Simulated Medication Administration Lab at CSC

Online/Out of Class Activities:

- Go to My Evolve
Select Drug Calculations Online
Under Course Content, select:
Module 3: Interpretation of Drug Labels, etc.
Complete Lessons **and** Module 3 Quiz
Module 4: Prevention of Medication Errors
Complete Lessons **and** the Module 4 Quiz

Evaluation Methods
<ul style="list-style-type: none"> • Exam 4 and 5 • Simulation and Mock CPE medication administration
