

Covenant School of Nursing
Instructional Module: 1
Topic: Introduction to Pharmacology for Nursing
[Medication Administration, Pt. I (Non-Parenteral)]

Learning Goals/Outcomes

Upon completion of this lesson, you will be able to:

- Integrate concepts and principles of safe medication administration (non-parenteral) including Rights and Responsibilities.
- Explain the role of the nurse in assessing, teaching, documenting, administering and evaluating the patient's response throughout the process of medication administration.
- Apply the principles of safe medication administration by simulated demonstration

Pre-Class Preparation

Required: Assigned reading from the following textbooks:

- Potter and Perry Medication Administration Chapter (EXCLUDE ALL PARENTERAL ADMIN INFO)
- LMS: Review PPT

Complete

- **There are online HESI assignments that accompany this lesson, and they are listed on the HESI Recommended Due Date document located on the LMS. It is recommended that you complete the HESI assignments prior to class. An average score of 80% on each HESI assignment is required. Failure to complete the assignments by the due date listed on the document will result in failure to progress to the next module.**
-

Additional Resources:

- <http://www.ismp.org/default.asp> - refer to Medication Safety Tools & Resources

Learning Activities

Classroom Activities:

- PPT Lecture with active Q & A

Laboratory/Clinical Activities: ***Simulated Medication Administration Lab at CSC***

Online/Out of Class Activities

1. Go to My Evolve
 - ✓ Select Clinical Skills: Skills for Nursing Collection
 - ✓ Next select Course Content
 - ✓ Next select Essentials Collection
 - ✓ Select and complete the following modules
 - o Administering Eye Medications
 - o Administering Oral Medications
 - o Applying an Estrogen Patch and Nitroglycerin Ointment
 - o Inserting a Rectal Medication
 - o Applying Topical Medications
 - o Using a Dry Powder Inhaler
 - o Using a Metered-Dose Inhaler

An average score of 80% on each of the tests included in this activity is required. Failure to complete the assignments may result in an absence – review your syllabus.

- Highly suggested Supplemental Learning:

Go to My Evolve

Select Drug Calculations Online

- ✓ Under Course Content, select the following modules:
- ✓ **Module 5: Alternative Methods for Drug Administration**

Complete Lessons 1 and 2
 Complete Module 5 Quiz for additional learning

Module 8: Oral and Enteral Preparations with Clinical Applications

Complete Lessons 1 and 2 – *not lesson 3*
 Complete Module 8 Quiz

Evaluation Methods

- Exams 4 and 5
- Evolve quiz scores of 80%
- Completion of Simulation per Rubric
- Simulation & Mock CPE
