Instructional Module 6  
Obstetrics Community Clinical Experience

Community Site: Winn

1. What did you observe during the day? Were there any specific procedures that were able to participate in or observe?

I watched a lot of examinations of the vagina. I participated in these examinations and got to view the cervix through the speculum.

2. What was the best/most interesting part of the experience?

I was surprised to meet women dx w/ endometriosis or PCOS. I've heard about it, but never met someone w/ it.

3. Is a community nursing position something that you would consider working in? Why or why not?

Yes, because it doesn't appear too taxing on the body.

4. Do you feel like this community site met the needs of the population they serve? Why or why not?

It is about women's health. It served pts of different ages. It was very educating to myself & the patients.

5. Did you witness patient teaching? What general things were taught to this population? Do you feel that patient teaching in this community site was adequate? Why or why not?

Yes. The FNP taught different contraceptive methods. Yes, it was adequate because the pts

Adopted: October 2016

looking for contraceptives had a variety of methods to choose from.
