

INTRODUCTION TO LVN-RN 1300 TRACK

LVN-RN STUDENT LEARNING OUTCOMES

1. Provide competent nursing interventions based on assessment of patient and family needs, evidence-based practice, and application of the nursing process to meet the needs of the whole person.
2. Communicate effectively with individuals across the lifespan, families, and members of the health care team.
3. Function as a nurse generalist who is competent in making clinical decisions and independent judgments based on reliable patient-related data and evidence-based practice.
4. Integrate concepts of caring and professional standards of nursing practice.

LVN-RN STUDENT LEARNING OUTCOMES

5. Coordinate resources to promote optimal levels of health for patients, families, and the community.
6. Collaborate effectively with interprofessional caregivers to promote optimal levels of health for patients, families, and the community.
7. Teach concepts of health promotion, maintenance, and restoration to patients, families, members of the healthcare team, and the community.
8. Integrate concepts from biological, sociological, and psychological sciences to provide competent evidence-based nursing care for patients across the lifespan and health-illness continuum.

This is a very busy course. You must actively study and work on assignments. Do **NOT** fall behind!

COLLABORATIVE LEARNING GUIDELINES

Collaborative Learning Guidelines

1. Remember the "Confidentiality Statement" form you signed and adhere to the "Honor Code."
2. **Come prepared.** Only 30 minutes will be allotted for the collaborative learning activity.
3. **NO ELECTRONIC DEVICES & NO BACKPACKS!** Place all electronic devices (cell phones, smart watches, etc.) in your backpacks & place backpacks along the wall at the front and back wall.
4. **NO** pens, pencils, or paper needed. Faculty will supply what you need.
5. Faculty will randomize students & place them four (4) to a group (12 groups)
6. One paper test, one answer sheet, and one pen will be provided by faculty.
7. Students may bring their PowerPoints and textbooks
8. Students are to collaborate within your assigned group only!
9. **NO NOTE TAKING OR MARKING IN BOOKS ALLOWED!** If students are observed taking notes, they will be excused from the room and will receive a corrective action according to policy. A second corrective action is grounds for dismissal from the program.
10. When you complete the "Collaborative Learning" activity raise your hand and faculty will collect the paper test and pen. Keep the noise level to a minimum.
11. The IM7 Instructors reserve the right to end the "Collaborative Learning" activity at any time if students do not comply with the guidelines.
12. Faculty will present the correct answer(s) with rationales when all groups are finished.

ATTENDANCE

- Only one **unexcused** absence is allowed per instructional module
- Student is required to make up unexcused absence at the end of the instructional module
- Student is allowed **2 excused** absences
- Attendance is taken daily and maintained in Empower
- Keep track of your absences and tardies and verify in Empower
- Be on time for class and labs.
- **Notification from Mrs. Milam

Discussed in pre-orientation– Refer to the student handbook!
