ECG Practice

Identify this rhythm PSVT

Calculate heart rate 200

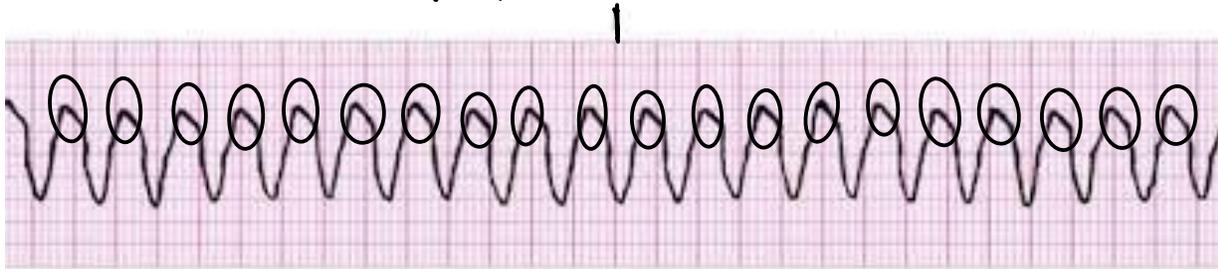

What nursing actions will you take vagal stimulation, IV adenosine, IV β -blockers, calcium channel blockers, amiodarone, DC cardioversion

Identify this rhythm V-tach

Calculate heart rate 200

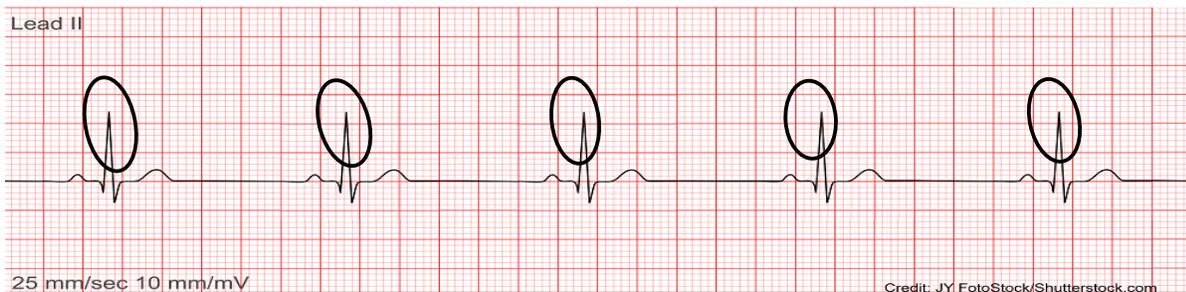

What nursing actions will you take w/ pulse: antiarrhythmics or cardioversion
w/out pulse: CPR & rapid defibrillation

Identify this rhythm Sinus bradycardia

Calculate heart rate 80

What nursing actions will you take atropine, pacemaker, stop offending drugs

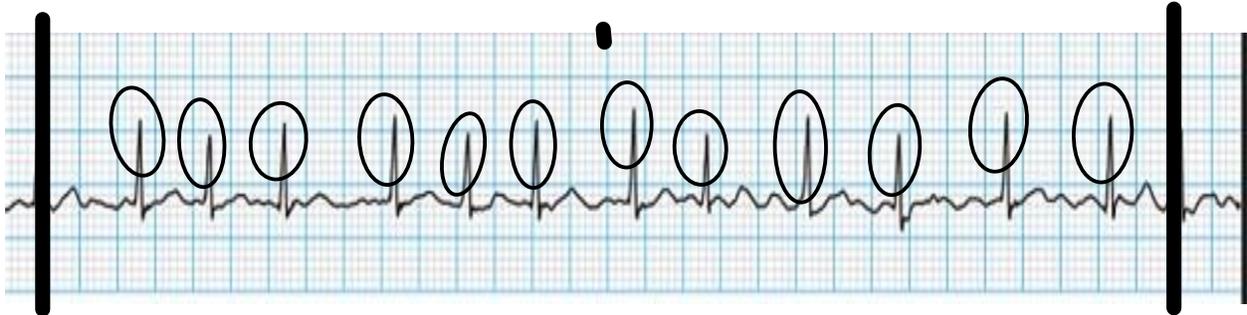

ECG Practice

Identify this rhythm A-fib - RVR

Calculate heart rate 120

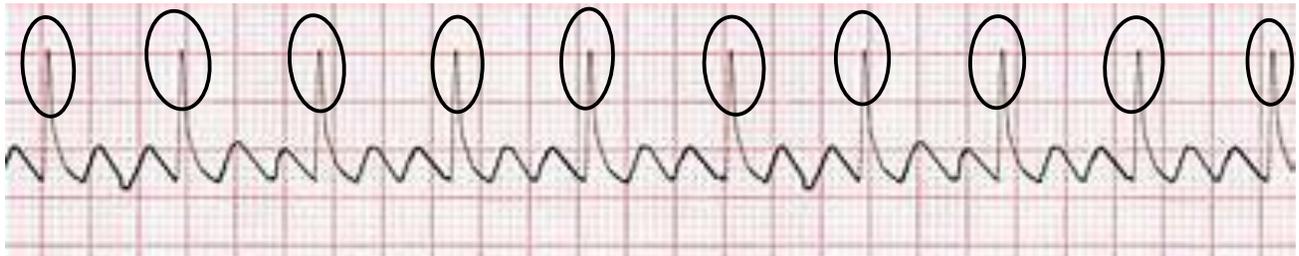

What nursing actions will you take amiodarone, electrical cardioversion, anticoagulation

Identify this rhythm A-Flutter

Calculate heart rate 100

What nursing actions will you take pharm, electrical cardioversion, radiofrequency ablation

Identify this rhythm V-fib

Calculate heart rate ?

What nursing actions will you take CPR, defibrillation, epinephrine

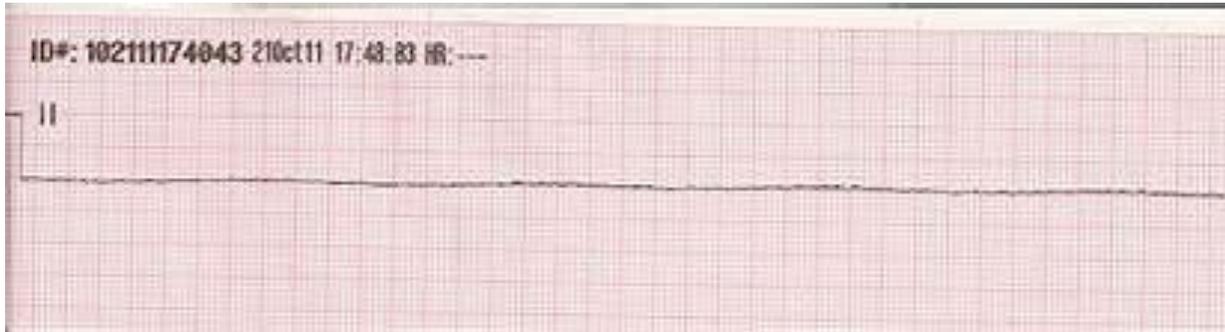

ECG Practice

Identify this rhythm Asystole

Calculate the heart rate

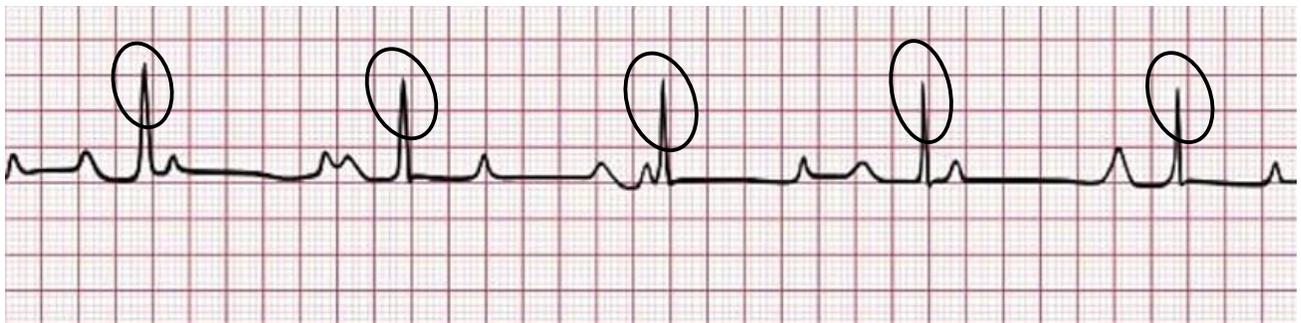

What nursing actions will you take CPR & epinephrine

Identify this rhythm 3rd degree block

Calculate the heart rate 50

What nursing actions will you take pacemaker

Identify this rhythm Artifact

Calculate the heart rate

What nursing actions will you take check leads, stop pt. movement, pt. is shivering (give warm blanket), take of pt. watch...
