### Pediatric ED Reflection Questions

1. What types of patients (diagnoses) did you see in the PED?  
MVC, Asthma, Flu B
2. The majority of the patients who came in to the PED were from which age group? Was this what you expected? <sup>ish</sup> Teens, yes. Teens do dangerous things so I wasn't surprised to see them.
3. Was your overall experience different than what you expected? Please give examples.  
It was a lot of treat and release as opposed to admitting kids.
4. How did growth and development come into play when caring for patients (both in triage and in treatment rooms)?  
Using language, making the teens feel comfortable, and distracting kids during IVs
5. What types of procedures did you observe or assist with?  
VS, taking out IVs, meds, putting a C-collar on.
6. What community acquired diseases are trending currently?
7. What community mental health trends are being seen in the pediatric population?
8. What patient population is the most vulnerable?
9. What is the process for debriefing after a traumatic event?
10. If someone donated \$100 million to the PED, what would you change?
11. What is the process for triaging patients in the PED?
12. What role does the Child Life Specialist play in the PED?
