1. What did you like best about your preceptor?

I liked that she constantly encouraged me to do skills / teaching, etc. on my own, instead of doing it herself & telling me what she's doing. She created a comfortable environment for me & helped me become more confident in myself. I appreciate how much she taught me!

2. Do you have any suggestions for your preceptor to consider when working with future students?

The only suggestion I could think of would be possibly go over the unit's policies, but other than that, there's nothing she needs to manage! She's the best teacher I've had, in the clinical setting.
