

Student Name: Xavier Beisew

Date: 2/27/24

Instructional Module 6
Obstetrics Community Clinical Experience

Community Site: STD

1. What did you observe during the day? Were there any specific procedures that were able to participate in or observe?

I saw blood draws and a herpes sample collection. Also, Wigg test and pH

2. What was the best/most interesting part of the experience?

I enjoyed seeing the wet prep slides.

3. Is a community nursing position something that you would consider working in? Why or why not?

No because I would like to do critical care.

4. Do you feel like this community site met the needs of the population they serve? Why or why not?

Yes because they are very welcoming & accepting.

5. Did you witness patient teaching? What general things were taught to this population? Do you feel that patient teaching in this community site was adequate? Why or why not?

Yes, condom use especially was taught. The teaching was adequate & patient specific. Also, all questions were answered.
