

POST-CLINICAL REFLECTION

To strengthen your clinical judgment skills, reflect on your knowledge and the decisions made caring for this patient by answering the reflection questions below.

Reflection Question	Nurse Reflection
What feelings did you experience in clinical? Why?	It was kind of sad the patient had so much going on with him I didn't even know where to start It was good to see him doing better than previously stated in the chart
What did you already know and do well as you provided patient care?	basic patient care
What areas do you need to develop/improve?	Communication w/ the patient Sometimes I feel that the patient might be able to give info. that isn't in their chart or help clear things up
What did you learn today?	The importance of communicating w/ the patient and their family
How will you apply what was learned to improve patient care?	By doing this, I can better curate care to that patient also, it can improve their mood, not just their physical health.
