Pediatric ED Reflection Questions

1. What types of patients (diagnoses) did you see in the PED?
General illness - Nausea/Vomiting, Diarrhea
2. The majority of the patients who came in to the PED were from which age group? Was this what you expected?
Adolescents, No
3. Was your overall experience different than what you expected? Please give examples.
Yes, I thought there would be more severe cases and less general cases
4. How did growth and development come into play when caring for patients (both in triage and in treatment rooms)?
5. What types of procedures did you observe or assist with?
6. What community acquired diseases are trending currently?
7. What community mental health trends are being seen in the pediatric population?
Suicidal Ideologies
8. What patient population is the most vulnerable?
9. What is the process for debriefing after a traumatic event?
The staff comes together and calls a Code Lavender.
10. If someone donated \$100 million to the PED, what would you change?
11. What is the process for triaging patients in the PED?
12. What role does the Child Life Specialist play in the PED?
