Evidence-Based Practice Poster Presentation

Group Member: Bryanna M.

What did this member contribute to the presentation?

Bryanna contributed to this project by changing all the fonts, making sure all the information was in order and correct, did in-text citations, fixed the citations that Kaitlann did incorrectly, and she bought the letters for the heading and the light blue paper for boarders for this project.

What did this member contribute to the presentation?

Parker contributed to the project by doing the research part of the project and buying the black board. He also took the time to reprint what needed to be fixed and cut out the papers for us to have ready to put together.

Group Member: __Kaitlann S.__

What did this member contribute to the presentation?

Kaitlann did not contribute any of the information for our project. She did the citation part but she did it all wrong and Byanna had to fix it. Kaitlann never showed up when we would get together until yesterday when we had decided to start putting the board together. She helped cut and glue some the information to the blue boarders then left before we glued everything onto the poster. She did not stay to do a practice run through for our presentation so for that and her not contributing with any part of information in the project she will not be speaking as we present.

Additional Comments: Myself, Bryanna, and Parker contributed to the entire project and every time we met up to work on it all 3 of us attended. We made sure that everyone had access to the google docs file to add and change any information needed. We did our run through practice and each helped put the poster board together. Overall us 3 worked together great as a group.
