DAS Assignment # 1

Name of the defendant: Jeffery Lynn Worrell

License number of the defendant: 463732

Date action was taken against the license: January 31st, 2022

Type of action taken against the license: Voluntary Surrender

- *Use the space below to describe the events which led to the action(s) taken against the license. If multiple charges were in play, be sure and cite them, e.g. drug diversion, HIPAA violation, abandonment, forfeiture on student loans, etc.*

On June 16, 2016, through August 8th 2016 RN, Jeffery Worrell withdrew Fentanyl and/ or Dilaudid from a the medication dispensing system without a valid physicians order. Respondent withdrew Fentanyl and Dilaudid from the medication dispensing system in excess frequency and dosage of physician's order. Respondent withdrew Fentanyl and Dilaudid from the medication dispensing system for patients and did not document or failed to document accurately the administrating of the medication to patients in their medication records. Respondent also did not document the administration of the medications in the nurses' notes.

- *Use the space below to provide a description of measures you think could have prevented any action being taken against the license and/or would have prevented harm to the patient, if harm occurred.*
- *Identify ALL universal competencies were violated and explain how.*
- *Use the space below to describe what action you think a prudent nurse would take as the first to person to discover the event described. In other words, you are the one who discovers the patient has been harmed by the nurse or you have discovered the impairment or criminal activity cited in the disciplinary action.*
