*Mrs. Griffin said that we could possibly look at doing a half day on the 31st after the distinguished speaker but she wanted to verify with you first.

I know I have an extra half day shift included, but if it's okay I'd like to use the 10/19 morning shift to get familiar with the unit and how it runs so that I can be best prepared for the other shifts moving forward which is why I included it in the schedule.
