

POST CLINICAL REFLECTION DAY ~~X~~

This exercise strengthens your clinical judgment skills.

Reflect on your clinical day and the decisions you made caring for this patient by answering the questions below.

Day 2 Reflection Questions

Student Nurse Reflection

What feelings did you experience in clinical today? Why?

Always positive! I have really enjoyed PICU thus far. I also have been learning a lot.

What did you already know and do well as you provided patient care today?

- Drawing labs via A. line.
- Med admin
- Assessments
- Tube feed set up
- Trach care
- MGMT over ~~pressors~~ + other gts

What areas do you need to develop or improve?

I have a good understanding of the meds I've given. However, my preceptor said to still look them up prior to Admin. even if I know them to help understand them on a rector lvl.

What did you learn today?

I've learned what is typically ordered for Peds. pts with shock.

How will you apply what was learned to improve your patient care?

I will be proactive + prepared when taking care of a Peds pt w/ shock.
